

DURACOMBI

DURACOMBI

12.5 **kg**

Description

The new wine preservation system is pure innovation and technology. Duracombi allows the customer to take advantages of both still and sparkling wines preservation.

You will be able to perfectly preserve your best bottles of still wine and your most expensive sparkling wines and champagnes.

With the vacuum and co2 stoppers your wines will be preserved for a longer time.

We also offer the possibility of purchasing Duracombi in the external cylinder version.
